

567—101.2 (455B,455D) Definitions. For the purpose of this chapter, the following definitions shall apply:

“Comprehensive plan” means a course of action developed and established cooperatively between cities, counties and municipal solid waste sanitary disposal projects regarding their chosen integrated solid waste management system, its participants, waste reduction strategies, and disposal methods.

“Comprehensive plan amendment” means a notification, filed between comprehensive plan updates, that the planning agency seeks to change the participation or change the designated disposal project(s) as set out in the most recent approved comprehensive plan submittal.

“Comprehensive plan update” means a planning document that provides status reports on the integrated solid waste management system and that describes revision to the information and evaluation of the integrated solid waste management system and the proposed course of action for the next two planning cycles.

“Consumer price index” means the measure of the average change over time in the prices paid by urban consumers for a market basket of consumer goods and services. For the purpose of this chapter, consumer price index refers to All Urban Consumers (CPI-U), All Items, as published by the U.S. Bureau of Labor Statistics.

“Contaminated soil” means soil(s) that contains any harmful constituent in great enough concentration to harm human health.

“Fiscal year” means the state fiscal year from July 1 through June 30.

“Initial comprehensive plan” means a first or new comprehensive plan filed with the department of natural resources pursuant to the provisions of Iowa Code section 455B.306.

“Integrated solid waste management” means any solid waste management system which is focused on planned development of programs and facilities that reduce waste volume and toxicity, recycle marketable materials and provide for safe disposal of any residuals.

“Monogenerator facility” means any permitted facility that accepts waste(s) from a sole generator that is also the owner/operator of the facility.

“Monowaste facility” means any permitted facility with special permit provisions which limit the site to a single solid waste including, but not limited to, coal combustion residue, cement kiln dust and foundry sand.

“Municipal solid waste sanitary disposal project” means all facilities and appurtenances, including all real and personal property connected with such facilities, which are acquired, purchased, constructed, reconstructed, equipped, improved, extended, maintained, or operated to facilitate the final disposition of household waste without creating a significant hazard to the public health or safety, and which are approved by the executive director. A municipal solid waste sanitary disposal project also may receive other types of RCRA Subtitle D wastes, such as construction and demolition debris and commercial and industrial solid waste.

“Planning agency” means the designated contact agency on file with the department.

“Planning area” means the combined jurisdiction of the local governments and the designated municipal solid waste sanitary disposal project(s) involved in a comprehensive plan. A planning area may include one or more municipal solid waste sanitary disposal projects.

“Planning cycle” means the length of time between the due date for each comprehensive plan update submittal as approved by the department, which shall be five years effective March 1, 2011.

“Plan participants” means any individual, group, government or private entity that has direct involvement in an integrated solid waste management system.

“Private agency” means an individual or any form of business organization authorized under the laws of this or any other state.

“Public agency” means any political subdivision of this state, including Iowa Code chapter 28E agencies.

“Service area” means an area served by a specific municipal solid waste sanitary disposal project defined in terms of the jurisdictions of the local governments using the facility. A planning area may include more than one service area.

“Solid waste” has the same meaning as found in Iowa Code section 455B.301. Pursuant to Iowa Code section 455B.301, the department has determined that solid waste includes those wastes exempted from federal hazardous waste regulation pursuant to 40 CFR 261.4(b), as amended through September 16, 2009, except to the extent that any such exempted substances are liquid wastes or wastewater.
